MEETING BEING HELD OF LOCAL SCHOOL TAXPAYERS

BUDGET IS BEING CONSIDERED —NOT ALL RAISED BY DIRECT TAX.

This afternoon a meeting of the taxpayers in the local school district is being held in the court house for the purpose of considering the budget of expenses for the ensuing year as published by the school board. The meeting began soon after 3 o'clock.

The budget of the board for next year calls for a total of \$67,871.73 but it is not proposed to raise all of this amount by a direct district tax. The district receives money from the state and from the county school fund in addition. The directors do not intend to levy more than a nine mill tax, the same as last year, and some of them were of the opinion that perhaps a tax half a mill less would be sufficient.

The following are the individual items in the budget: Teachers' salaries \$32,000; furniture \$576.73; engineers and janitors \$3645; fuel \$3000; power and light \$1000; clerk's salary \$400; interest \$7200; sinking fund \$6000; insurance \$750; transient officer \$100; water rent \$200; general expenses \$12,000.
